

The Byron 4 Seater Sauna is perfectly sized for up to 4 adults at a time.

The infrared heaters promote increased blood flow which provides your body with relief from muscle aches and pain.

The unit is easily assembled and is stylishly designed to sit comfortably in any home.

The Byron Sauna is able to be plugged straight into a standard home power point.

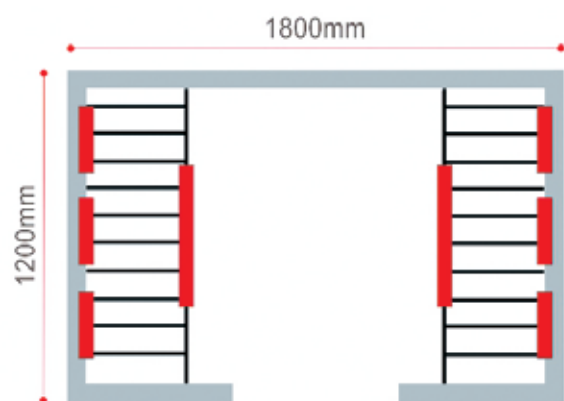

FEATURES OF THE BYRON 4 SEATER SAUNA

- Heat Therapy coming from 8 Infrared Heaters promotes increased blood flow for faster relief from muscle aches and pain.
- Inbuilt CD player and AM/FM stereo with 2 speakers and remote control allows you to set the mood with your favourite music.
- The Air Purifier/Ioniser helps to cleanse the air and remove toxins to provide clean, fresh air while using the sauna.
- Dual control panels allow you to control the settings of the sauna from either inside or outside the sauna.
- The Aromatherapy shelf gives you a designated place for your own fragrance diffuser to sit on.
- The internal and external lights create atmosphere and ambience allowing you to relax with a favourite book while inside the sauna.
- The full length glass door allows easy access while the smaller windows provide privacy to the occupants.
- Hemlock Pine timber cabinetry provides a sleek contemporary appearance, and our clever build design makes assembly easy and hassle free.
